OUR GREATEST CARNIVAL.

The auspicious opening of the Elks carnival last night was all that could have been desired, and the crowds exceed the most sanguine expectations. People are coming from everywhere, and they all are pleased. The Elks have labored hard and well for the success of this, Paducah's greatest entertainment, and the result is something to be proud of. They offer a street fair and carnival equal to those in even the largest cities. They offer Kentucky hospitality in its most agreeable form, and to assist them in entertaining the vast throngs come to have the co-operation of the weather clerk in a degree that is highly satisfactory. Prettier weather could not have been made to order, and the Elks are very happy over the outlook. To the officers of the Elks too much credit cannot be given. They have done their work without remuneration, and have for several weeks spared nothing to further the preparations for the fair, working early and late. They have co-operated with Manager J. J. Conley, of the Canton carnival company, represented by Mr. Gaskill, a thorough gentleman, who has provided the best that is to be had.

A CARD OF THANKS.

We, Mr. and Mrs. Gaskill, do hereby return our heartfelt gratitude to the kind friends who ministered to our loved sister during her last illness. May the benediction of heaven rest upon them in the prayer of her bereaved sister and brother. Also Mr. O. Graham expresses gratitude for kindness shown Miss Debbie Wallace, as she was to have been his bride on Wednesday next.

MARK TWAIN AS A WITNESS.

Mark Twain was a witness for Rudolph Kipling yesterday in the hearing before United States Commissioner Smith in the suit brought last November by Kipling against R. F. Fenno & Co., publishers, for an alleged infringement of the copyright law, says the New York Tribune. There were so many objections to the first part of Mr. Clemens' testimony that when Commissioner Smith offered him a cigar he refused it, saying that he was afraid the defendant's counsel would object. He was assured there would be no objection, though, and took the cigar, after which he said he was ready to meet all objections.

100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that to curtail. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. E. BALSLEY, OF MARSHALL COUNTY, RELIEVED OF \$50.

Mr. Emma Balsley, of Birmingham, Ky., claims that she was robbed of \$50 last night while watching the parade. He said that he was standing against a telephone post and a crowd suddenly formed about him.

"The next thing that happened," he said, "I felt some one put his hand into my pants pocket where I had my money and before I could stop him he had secured the roll and slipped away. I had \$15 in my other pocket which they did not get, but if they had known I guess they would have relieved me of that also."

SPEND THE SUMMER IN

THE MOUNTAINS

If there is one region more favor-

able than another, or more suited for

the health and pleasure seeker during

the summer months, it is among the

mountain and Lookout mountains of

Tennessee. In these mountains, along

the lines of the Nashville, Chatta-

nooga and St. Louis railway, are to be

found many health and pleasure re-

sorts, such as Monteagle, Lookout

Mountain, East Brook Springs, Don

Aqua Springs, Red Hot Springs, Spring

Nicholson Springs, East Springs, Harts-

field Springs and many others, all

offering attractions mostly con-

centrated by nature.

The pleasing topography, shady

nooks, green grass and splendid

views of Middle Tennessee in the

highlands and mountains insure to

the visitor and to those seeking rest

and recuperation the very best ad-

vantages. This region is within easy

reach of Western Kentucky, West

Tennessee and the great Mississippi

river bottom.

The facilities for reaching these re-

sorts are the very best that can be

afforded, consisting of convenient

schedules, fast trains, sleeping car

accommodations and everything that

can conduce to the comfort and plea-

sure of the passenger.

Think seriously of spending the

summer of one of these resorts, and

good many carnival visitors and de-

parted on return trip at 10 a. m. with

fair business.

Captain Billy Sandusky, of Central

City, is in town. He arrived this

he was captain of a ferryboat and

came, also did the "circular work" in

the sky (car of the boat).

The Dick Fowler arrived from Cairo

early Carnival visitors. Left at noon

The City of Paducah's loss to the

St. Louis and Tennessee river pack-

et, will be a great drawback to the

firm, as this is the second disaster and

the loss of two good boats sustained by

the company in the last thirty days.

However the places of the boats will

soon be filled, as there is no line of

boats on the Western waters that are

more progressive. They started with

one little boat in the St. Louis and

Tennessee river trade about fifteen

years ago and today have one of the

best paying lines represented by el-

egant first class steamers that nav-

igate these waters.

The Clyde arrived from Tennessee

REDMEN MEET.

THE GREAT COUNCIL MEETS

TODAY IN DANVILLE.

The great council of Kentucky Red

Men meets today in Danville. No del-

egate was able to attend from the lo-

cal tribe, on account of the carnival

and the annual demands in business

circles. A great deal of interest is be-

ing taken in the order here, however,

and the tribe is rapidly growing.

The Improved Order of Red Men of

America is not, as some people think,

of recent origin, but is as old as the

republic of the United States itself.

It is a direct offspring of that society

known in 1774 as the Sons of Liber-

ty, who, at the famous tea party in

Boston harbor, dignified as Indians,

started the ball of "Liberty" rolling

which has not yet ceased, but will

continue until the motto, "Free and

Equal," will encircle the globe. The

Immortal Washington was a member

of this society.

After the war of the Revolution

the name was changed to St. Tamara

Society. The members of the Im-

proved Order of Red Men still cele-

brate the 19th day of May, St. Tamara

day. Next we find the Society of Red Men,

which finally, some where in 1847, the

present name was adopted and the

order struggled along with varied suc-

cesses, until the decade it is assuming

great proportions, numbering in the

United States more than 350,000 mem-

bers.

The Great Council of Kentucky, a

subordinate body under the jurisdic-

tion of the Great Council of the

United States, is composed of Past Ma-

sters of sixty-seven tribes. The mem-

bership of the order in this state at

present is 3,900, against 800 four years

ago. At the last Great Council at Lex-

ington only thirty-one tribes, repre-

sented 1,900 members had their rep-

resentation, hence it is seen that the

membership has more than doubled

RUMBLINGS OF THE RAILS

THE WRECK DOWN IN MISSISSIPPI WAS CAUSED BY

Spreading Rails—Chief Engineer Harahan Here This Morning—The Latest News.

The remains of Mail Agent R. C. Rose, of Fulton, who was killed in the Illinois Central passenger wreck yesterday morning at 6 o'clock at Hickory Valley, Tenn. His mother was in New Orleans attending the Baptist convention when the sad news reached her and his family at Fulton.

The cause of the wreck was spreading rails. Another mail clerk, Mr. Whitesides, was in the same car and was hurt, but not seriously, but Clerk Reel Stathan did not fare so well, and suffered painful injuries.

The statement that the fireman, Mr. Lee, was killed seems to have been a mistake. The remains of the clerk were taken to Hickory Valley and buried today, and the funeral was attended by a delegation of clerks of Fulton.

The gross earnings of 53 roads for the fourth week in April were \$10,605,777, against \$9,295,981 for the fourth week in April, 1900, a decrease of 1,310,746. Forty-four roads show increases and nine decreases. Since January 1 the roads referred to above earned \$138,477,818, an increase of \$12,936,726 over the \$125,541,092 reported for the corresponding period of 1900. For the longer period 42 shows increases and 11 decreases. For the month of April 60 roads earned \$41,630,060, an increase of \$9,819,216 over the \$31,840,844 reported for the month of April 1900.

It is officially announced that the Tennessee Central railroad will complete its line into Nashville by fall. The work will be pushed from now on. W. H. Bodbridge, formerly general manager of the Missouri Pacific and Iron Mountain railroads, has been elected general manager and vice president of the line. The Tennessee Central passes through a rich mineral and timber country, and its entrance into Nashville is quite an important event. Many obstacles have been put in the way of the company, but it is at last successful.

The Brotherhood of Railway Trainmen, in session at Milwaukee, will elect officers this week, and Grand Master P. H. Morrison will be re-elected. The annual report shows the order to be in a very prosperous condition, with 45,600 members, an increase of 12,800 for the year. The total funds on hand amount to \$160,000. During the year the order took up seventy-five cases of grievances, which involved sixty-five railroads, and the majority of the settlements were to the advantage of the brotherhood.

Trainmaster J. J. Flynn is ill at his home on Jefferson street from tonsillitis. He came in Sunday and is still laid up, although his many friends will be glad to learn that his illness is not serious.

Engineer Wm. Nourse, who is still in the hospital at Cairo, is reported better, and will doubtless recover.

Chief Engineer of the Illinois Central W. J. Harahan, passed through the city this morning in special coach No. 8 en route to Evansville from Memphis. This is his first trip out since he received the promotion.

Mr. Jerry Corbett, of the yardmaster's department, resumed his duties this morning after a several days' illness.

The machinists will have settled their demands by tomorrow night. The committees representing the whole system are in session and the ultimatum will be handed in tomorrow if not sooner. The local machinists do not seem in the least concerned about the matter and say they have no doubt but that the differences will be settled quickly.
